Democracy

Everyone is treated equally
Everyone has a fair say
We tolerate the views of others
Be a good citizen
I hope everyone has had a lovely four day Easter break and are ready for a busy last two weeks.

The school has recently had solar panels fitted to the cola. The panels have been purchased through a grant to implement The National Solar Schools Program (NSSP). Its aim is to help primary and secondary schools around the country take practical action to save energy and cut their electricity bills; while providing educational benefits for students in learning about renewable energy and environmental stewardship.

The NSW Department of Education and Training has contracted Ausgrid to provide curriculum support to the implementation of the Environmental Education Policy for Schools. You can check the schools usage at www.webgraphs.com.au. Please ring the school for the password and user name details.
