Nuts and Bolts of learning

**Absorption**

When you use this learning muscle, you-
- become engrossed in what you’re doing
- may not be aware of the passing of time
- find being absorbed satisfying and rewarding
- like the feeling of being stretched in your learning
The students had an excellent time on the 3-6 excursion to Beechworth last week. The students were engaged in a range of activities from walking through Bonegilla Migrant Camp, to looking at war history at Bandiana Army museum and participating in a role play of Ned Kelly’s trial case at the Beechworth court. The days were packed with lots to see and do and students all participated in activities at each of the places and have taken a lot away from these experiences.
